1.1. Introduction

Purpose of MINEPLEX PTE. LTD - creating an ecosystem of products for daily use of cryptocurrencies anywhere of the world: paying bills, buying goods, saving and multiplying assets.

Mission of MINEPLEX PTE. LTD - expanding the influence of the blockchain and its complex integration into the spheres of real life. We want to take off restrictions on access to the world of cryptocurrencies, separating miners and ordinary users. Implement accessible, understandable and simple financial instruments for the use of cryptocurrency and fiat.

To implement the project, we develop our own unique blockchain with the Liquid Proof-of-Stake (LPoS) consensus algorithm, which combines advantages such as simplicity, speed and decentralization. We are focused on creating a comprehensive ecosystem that will simplify use of banking services and digital assets will be personalized and focused on the convenience of each client.
